Guidelines for Paper Presentations

We know that for many of us attending virtual conferences adds a layer of uncertainly. This guide is aimed to help reduce uncertainty and help you navigate your day as a presenter.

- Each paper/panel session will meet via a Zoom meeting link that will be posted on the digital program found on our website.
- You (and/or any co-authors) will be asked to attend your session's assigned time and attendees will be able to join via the same link.
- Please arrive to your Zoom session 15 prior to the session start time.
- Each session will have a moderator. Your moderator will receive your abstract and your contact information from DCHC.
- In each session, one of our graduate student assistants will aid the moderator, monitor the chat, and help manage any issues that arise.
- If you are using visual aids, you will have the option to share your screen during your presentation. Please have visual aids cued up before your presentation begins. The moderator will inform you when it is time to share your screen.
- You will have approximately 10 minutes for your presentation, and 5 minutes for Q&A.

IF YOU ARE NOT PRESENTING PLEASE KEEP YOUR "MUTE" BUTTON ON.

IF YOU WOULD LIKE TO ASK A QUESTION DURING Q & A, PLEASE USE THE "RAISE HAND" FEATURE ON ZOOM.
